

2022 EARLY VOTING SITE REVIEW

July 19, 2021

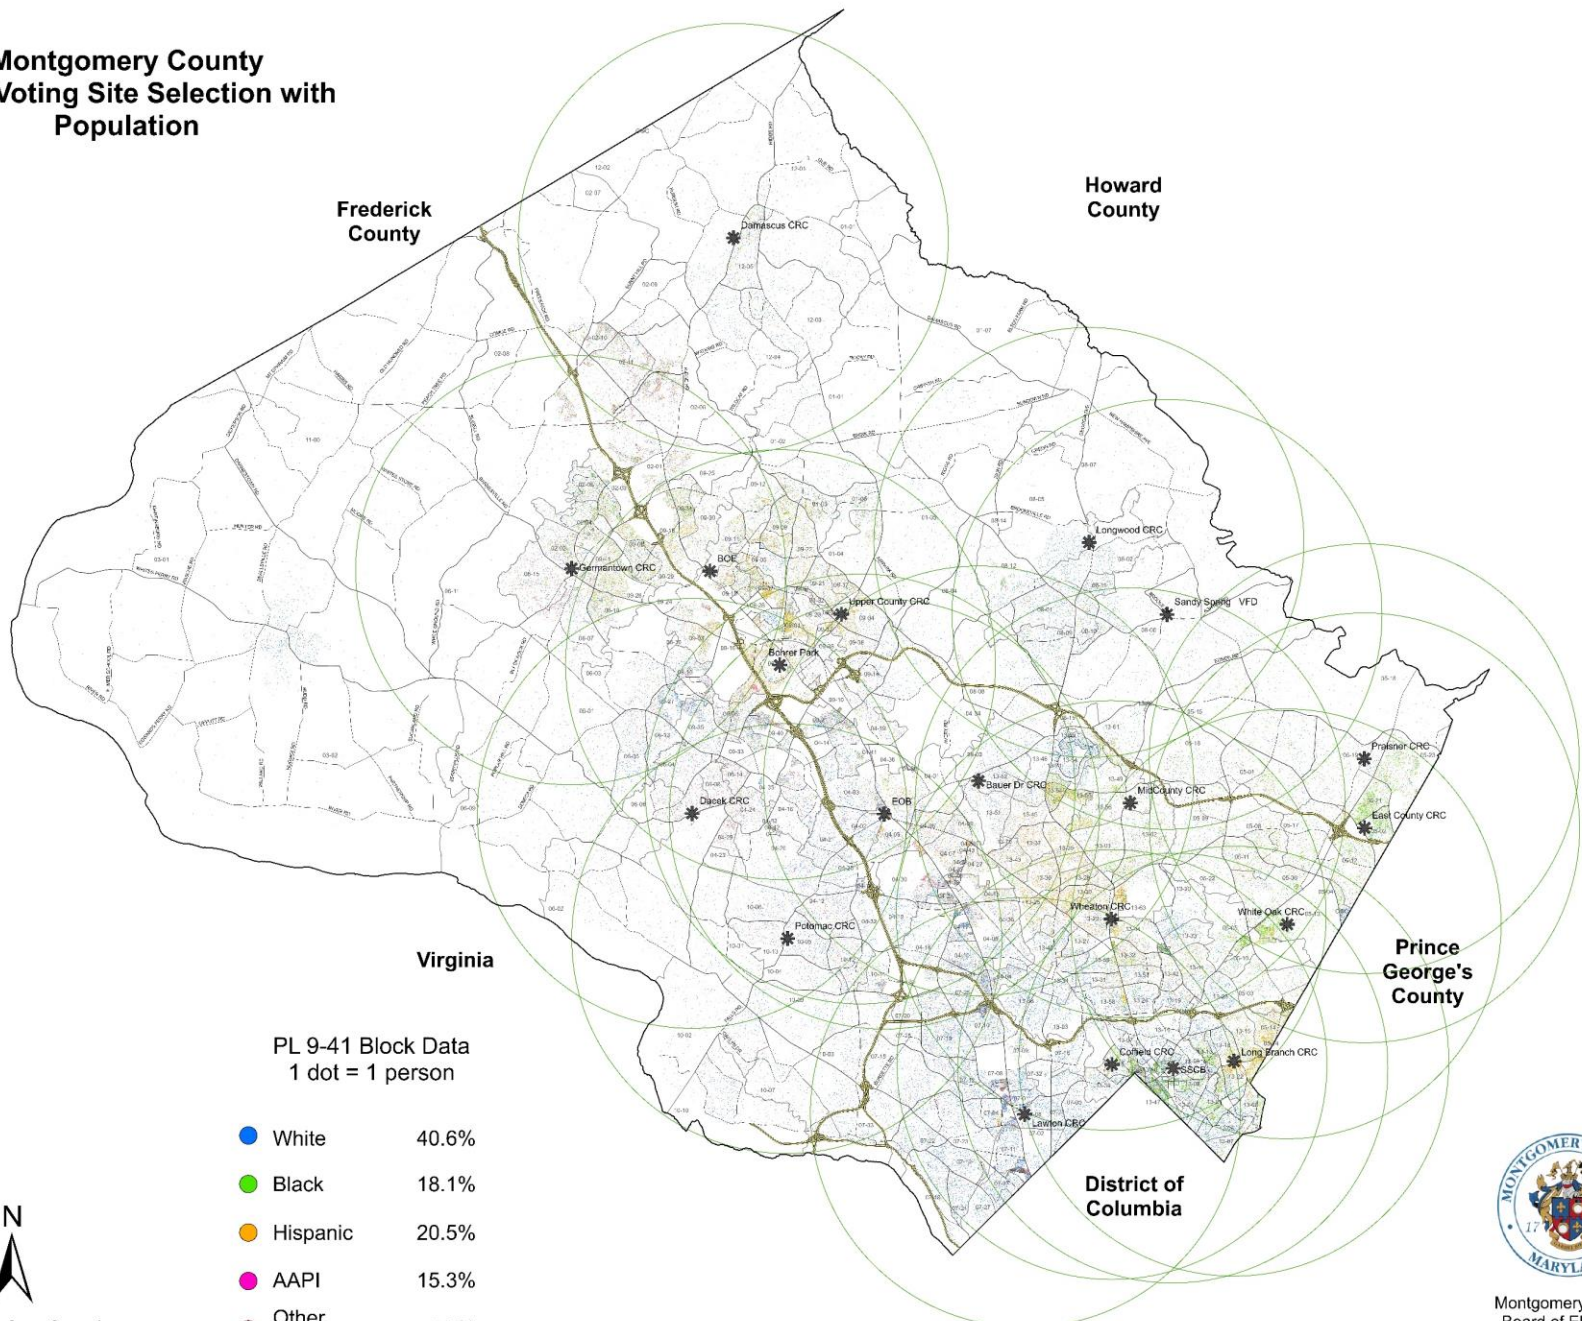

2022 Early Voting: Site Selection Criteria

➤ House Bill 745 – Criteria (Bill) enacted in the 2021 General Assembly

“A local board shall take into account the following factors when determining the location of an early voting center:

- (I) Accessibility of the early voting center to historically disenfranchised communities, including cultural groups, ethnic groups, and minority groups;
- (II) Proximity of the early voting center to dense concentrations of voters;
- (III) Accessibility of the early voting center by public transportation;
- (IV) Ensuring equitable distribution of early voting centers throughout the county; and
- (V) Maximizing voter participation, including through the use of community centers and public gathering places as locations for early voting centers.”

This map displays the 13th Congressional District in Virginia, divided into numerous precincts. Each precinct is labeled with a number, such as 04-05, 13-35, 05-22, and 13-01. A star symbol is placed in the Alexandria area, indicating the location of the 13th District Office. The map also shows major transportation routes, including the Potomac River and Interstate 495 (I-495). A dashed line on the right side of the map likely represents the boundary with another district.
